## BUSHWACKER (Drink)

► 'Marcel8004', Sep/2/09: I've included the Bushwacker recipe below. It comes from the "19th Hole" in St. Thomas (now closed). Fortunately, I had the pleasure of enjoying them often — very often. So, if you can't wait until we dock in St. Thomas and have a well-stocked bar, go ahead and indulge; but, don't drive. Please, don't drive.

- Slash of Vodka

► Put all ingredients in a blender with ice until you have something that looks like a milk shake then you are done. If it gets too thick put in more alcohol. Pour is straight up and enjoy. Top off with ground nutmeg.

## **COCO LOCO (Drink)**

► 'Sadie8', Sep/9/09: It's frozen and they add the rum, very yummy and as rummy as you want. They're in abundance on Coco Cay, served in to-go cups.

- ½ oz Amaretto
- 1 ½ oz light rum
- 1 oz Cream of Coconut
- 1 tsp grenadine
- Dashes of milk
- ½ oz unsweetened pineapple juice

Combine all ingredients in a blender with ½ cup ice until smooth. Serve in a hollowed-out green coconut (or wine glass).
