

Windows 7 GRAPHIC EMAILED FROM WINDOWS EXPLORER

© Darry D Eggleston¹

Although most people send graphics using Windows Live Mail, the better way — because you get better choices — is to send graphics from Windows Explorer. Here's how.

1. Select Start ► Pictures and browse to the graphic. RIGHT-click on the graphic and then click on Send to ► Mail recipient (**Figure 1**).

Figure 1

Figure 2

2. Select the size you wish to send (**Figure 2**).

3. If you get the “Photo E-Mail” warning, select your choice (**Figure 3**).

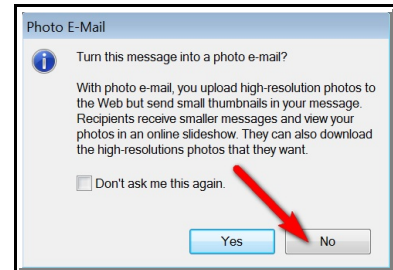

Figure 3

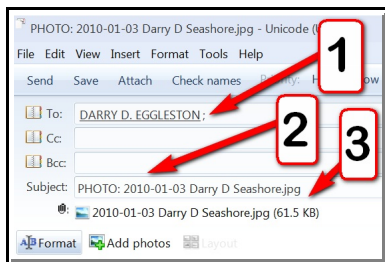

Figure 4

4. Windows Live Mail opens (**Figure 4**):

- ❶ Select addressee.
- ❷ Subject lists the graphic file's name.
- ❸ It shows as an attachment.
